water from a neighbor's well. To the

stroyed by fire nine years ago. "When our home burned, although we had been married nearly six years, we had less than \$100 in bank. My husband had been employed in the railroad offices, and though he had received several promotions there was always some new demand for the increase in salary that seemed to us imperative. There was hardly a week that we didn't refer to the time when we would begin to save money toward buying a home, but when you have three babies to look out for it is hard to lay up money on a small salary. So when one night the house in which we had lived even since to the children together, and when it was all finished in the evening he would read aloud while I sewed. When October came we had accumulated a lot of furniture in our little cottage, and because decided to get one servant. It seems to me, looking back on it now, that that servant, was the first real problem I had to face after the fire. The cottage was so small at first I felt it was simply impossible to have any addition to our household. In desperation one day I began to think of the various pieces of furniture I could do without soitage. Women Worst Off as to Their Hair. end of the second year they were forced which we had lived ever since our marto add so much as to be practically wear- riage burned down we found ourselves
